

# MATERIA®

No. 5 2017

Design meets news.

## Park brings that outdoor feel inside.

Our Newcomer 2017 – a new interpretation of the classic park bench.

Park sofa, design Sanna Gripner and Märta Hägglund.

## Design with a wealth of choice.

Park draws its inspiration from the classic park bench, but finds a completely new expression in this design. The sofa brings the outdoor feel inside and looks just as interesting as it is comfortable to sit on. Park is available in several different fabrics to match the feel of the environment you want to create.

## We give young designers a platform.

## Newcomer – from idea to product.

Every year since 2006, we've chosen a Newcomer whose idea we think deserves to become reality – and a part of our range. In several cases this has been the start of a lengthy collaboration. For us at Materia the award is an opportunity to bring a little playfulness into our range, while giving young designers an international shop window to reach out and create a name for themselves in an extremely competitive industry.

Several of our trendsetting products are the result of our Newcomer project. For example, Ava, Bin, Boullée, Lean In and Park. Read more about them on our website.
