

## **Autumn news**

**Press release 2018-10-10**

Following on from the launch at this year's Stockholm Furniture Fair in February, we are now launching three additional pieces within the Pax, Vagabond and Uni ranges.

**MATERIA®**

## Pax chair with 4-legged frame

Pax is characterised by its billowing shape to ensure maximum seating comfort in a small space. New this autumn is the addition of a 4-legged metal frame model which can be ordered in either chrome or in the colours dusty pink, rusty red, blue grey, green, white, grey, dark grey or black. These colours are standard in the Colours by Materia (CbM) concept.

Design: Fredrik Mattson

## Vagabond table in three heights

What distinguishes the Vagabond table is its diversity. It can for example be used both as a meeting table and a desk and the castors make it easy to move. New table ends are also now being introduced that enable users to select the table top height that suits them: 730, 900 or 1100 millimetres.

Design: Marie Oscarsson

## Uni table with hook

A table range designed for smaller or larger seating arrangements. Uni is available in different sizes, heights and finishes. As a new autumn product, a hook for bags and clothes has been added to the table. The hook can be ordered in chrome, white or dark grey.

Design: Axel Bjurström
