

New products for the autumn and new meetings

At last, many of us can return to a more normal life, and as always at Materia, we want to enhance the opportunity to meet in different public environments. We are now presenting this year's new sustainable and innovative autumn products which complement our assortment, for example four new accessories for the Ambient beam sofa, a wooden frame and a fully upholstered seat shell version, thus completing the Neo/Neo Lite series. As a smart alternative, there are now hanging devices for Rocca to protect table tops and simplify when cleaning. In addition, our popular Colours by Materia (CbM) concept is being expanded with the Cap stool's stacking rings getting these colours as standard. We look forward to seeing you during the Stockholm Furniture Fair 2022, when we will be presenting even more inspiring products and meeting concepts.

AMBIENT beam sofa

Design: Fredrik Mattson

The Ambient beam sofa focuses on design and comfort. While sturdy, the design is neat, minimalistic and elegant. The seat units can easily be replaced individually, if necessary. The beam sofa has many options, such as different beam lengths, several armrests, screens with or without magazine holders and tables that provide a pleasant extra surface. Ambient is now complemented with several accessories. As complement for table tops are borders and magazine holders in CbM* powder coating, plant tray in black polystyrene and seat height 480 mm. The solid wood table tops, like the wooden seat base, are FSC® labelled. Power sockets in the table top and fittings for floor mounting are available as accessories. Frame in CbM* powder coating. Ambient beam sofa is suitable for airports, hospitals and schools.

*Colours by Materia (CbM) = beige, mustard yellow, dusty pink, rusty red, burgundy red, blue grey, green, grey, dark grey, black, white

CAP stool

Design: Axel Bjurström & Mia Cullin

Cap, an easily positioned stool, was inspired by sewing thimbles. Its light weight and distinct shape make it easy to take out for impromptu meetings at workstations or to provide extra seating in meeting rooms or lounge environments. The stacking rings in polypropylene for the non-upholstered Cap, are now new in CbM* as standard. The stool also comes fully upholstered in Remix fabric from Kvadrat. The great selection of colours makes it easy to fit into any environment. A stacking trolley is available as an optional extra.

*Colours by Materia (CbM) = beige, mustard yellow, dusty pink, rusty red, burgundy red, blue grey, green, grey, dark grey, black, white

NEO LITE bar stool

Design: Fredrik Mattson

The beautiful lines of Neo Lite create a comfortable bar stool which looks interesting and 'enlivening' regardless of from which direction you look at it. Behind the clean, self-explanatory design lies a solid piece of workmanship. All the details have been carefully tested and reviewed. Now launching a fully upholstered seat shell in fabric or leather and a wooden frame in solid white pigmented or black stained ash. Already available are a seat shell in polypropylene in CbM*, non-upholstered or upholstered seat and sled base in chrome alt. silver grey or CbM* powder coating. The Neo/Neo Lite range also includes exclusive conference chairs as well as chairs and armchairs in different variants.

*Colours by Materia (CbM) = beige, mustard yellow, dusty pink, rusty red, burgundy red, blue grey, green, grey, dark grey, black, white

ROCCA stool

Design: Alexander Rehn

The Rocca stool has a playful design that helps the body to keep active. The steel tubing gives the stool a minimalistic appearance, something that also makes it unique. The ring encourages movement and the seat lets you sit comfortably. Together they form a unit that interacts. There are now optional hanging devices to protect the table tops and simplify when cleaning. Rocca is a different kind of seating that is easy to carry around in activity-based meeting places. Frame in chrome or CbM* powder coating. Rocca is available in height 500 and 615 mm.

*Colours by Materia (CbM) = beige, mustard yellow, dusty pink, rusty red, burgundy red, blue grey, green, grey, dark grey, black, white
