

Uni table H900 and H1100

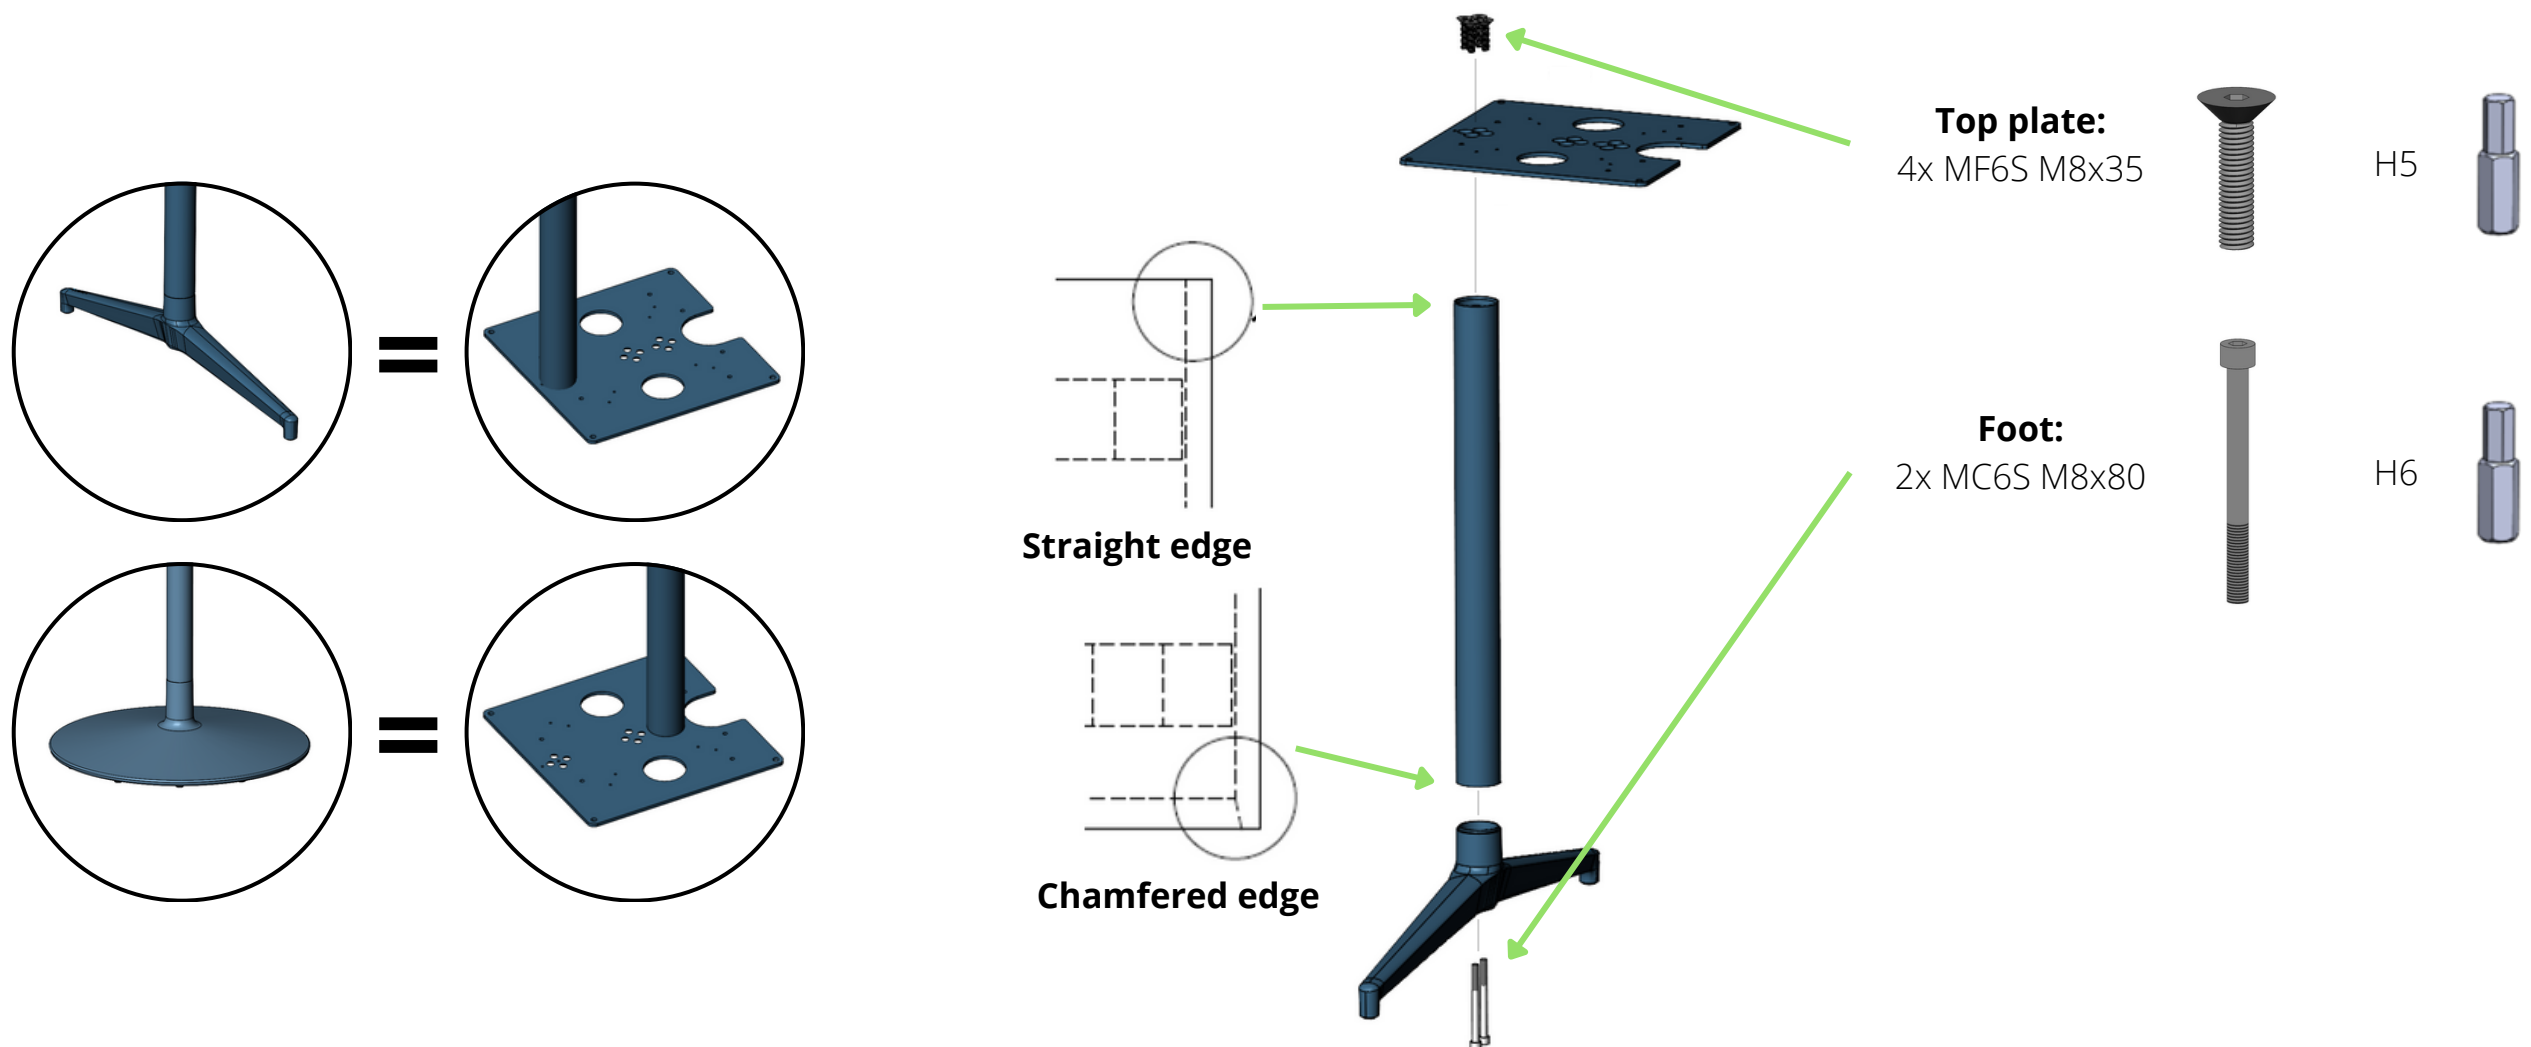

Assembly instructions

1

Assemble top plates and feet to the pillars.

NOTE! Different position of pillars on top plate depending if its a circular base or T-foot.

NOTE! Check the pillar so the chamfered edge on the inside is positioned downwards.

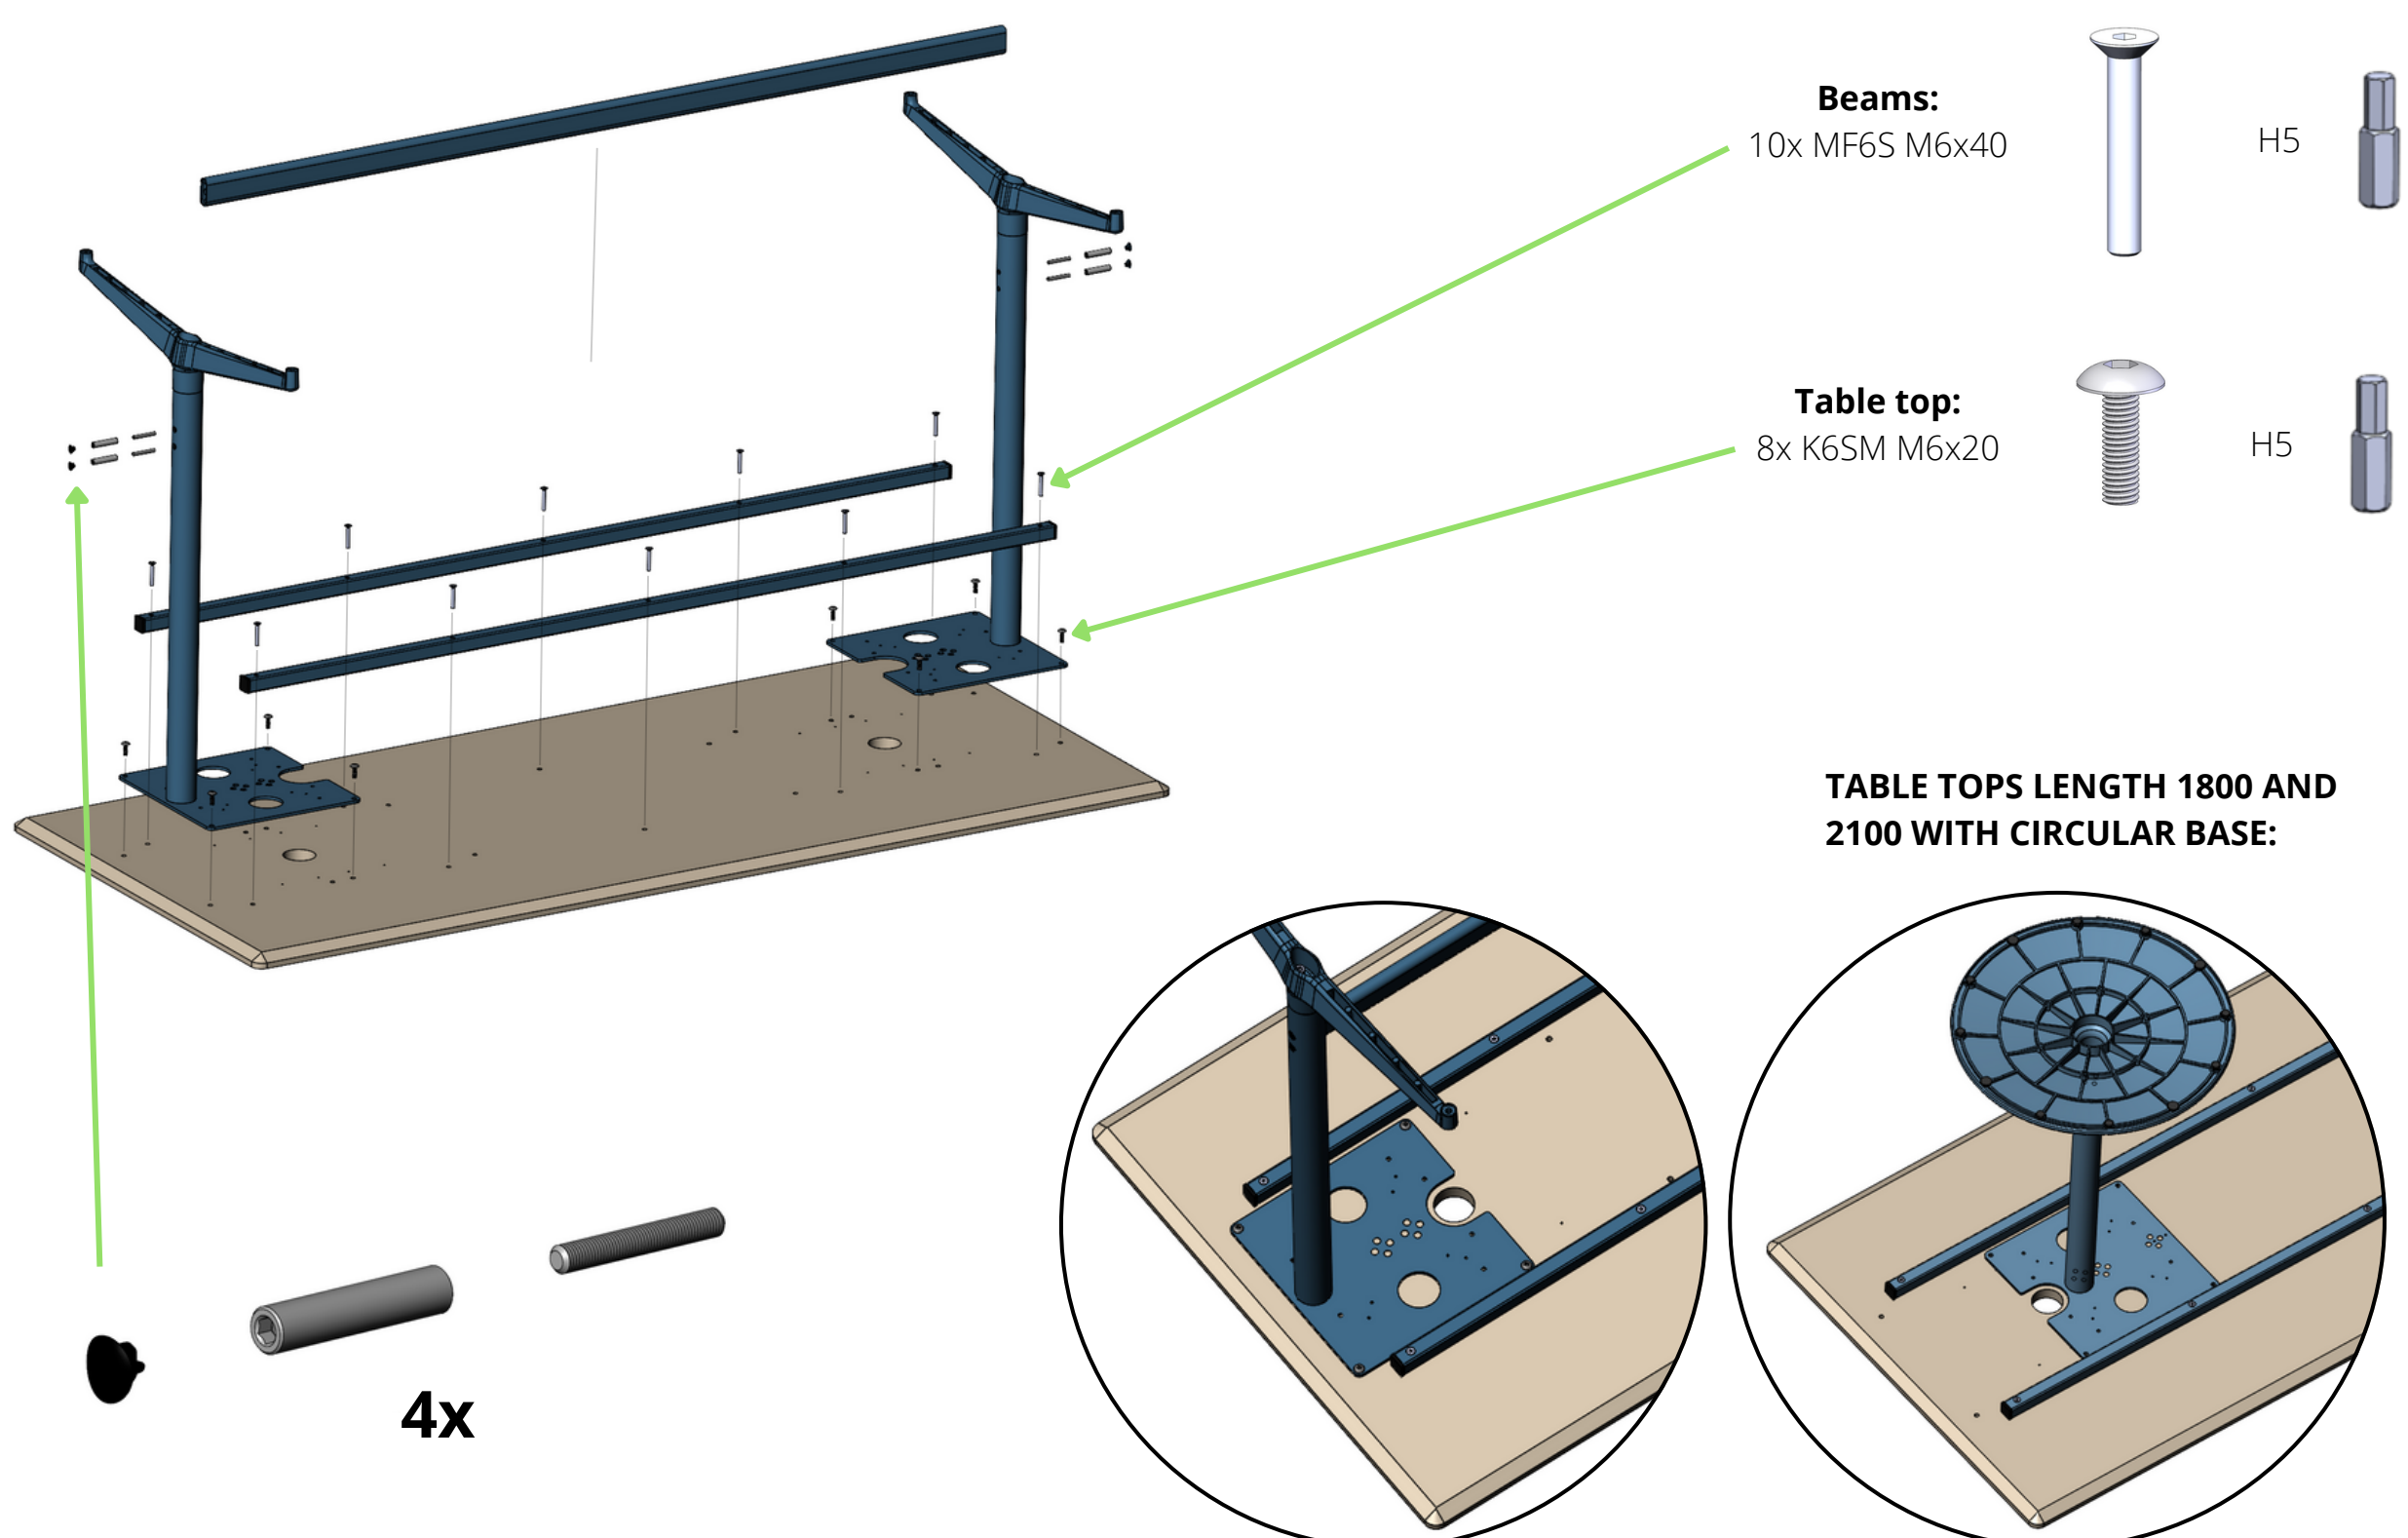

2

Assemble legs, support beams and foot beam on table top.

NOTE! Circular base with table top lengths 1800 and 2100 have a different position.

NOTE! Circular base has no foot beam.

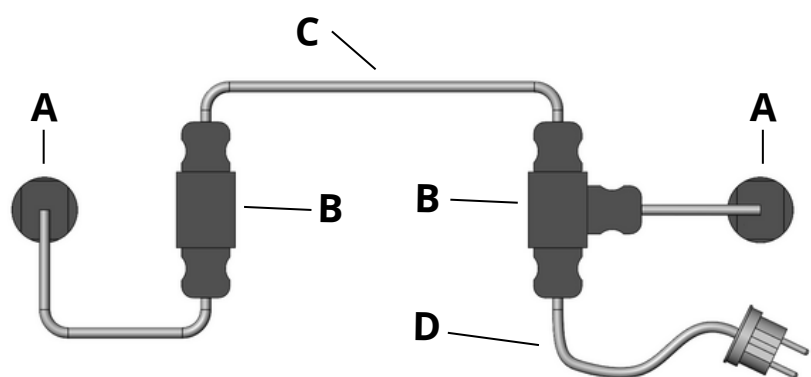

Uni table H900 and H1100
